FINISHING

Weave in ends.

Felting

Note: Fill sink with hot water and a small amount of liquid soap (any hand or dish soap will work). Submerge Snowflake in soapy water. Wearing rubber gloves, hold Snowflake with one hand and rub surface of knit fabric with your other hand, working over entire surface until the stitches begin to lose their definition. Rinse gently to remove soap residue. Allow to dry. Tie a length of yarn to Snowflake for hanging loop.
