GAUGE:

12 sts (four 3-dc groups) + 8 rows = about 4 in. (10 cm).

EXACT GAUGE IS NOT ESSENTIAL FOR THIS PROJECT.

BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you fewer stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

NOTES:

1. Shawl is worked in rows from center of long edge out to long side edges.
2. Color is changed every other row. When changing color, fasten off old color then join new color with slip stitch.
