GAUGE:

Each scarf motif measures 6 inches (15 cm) from point to point. 13¼ sc + 16 rows = 4 inches (10 cm)

BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you fewer stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.
