GAUGE:

32 sts + 44 rows = 4 in. (10 cm) in rev St st worked in rnds (purl every rnd). BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you less stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

STITCH EXPLANATION:

Purl this new stitch through the back loop - 1 st increased.
