GAUGE:

One square = 3 x 3 in. (7.5 x 7.5 cm).

BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you fewer stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

STITCH EXPLANATION:

M1 (make 1) An increase worked by lifting the horizontal strand lying between needles and placing it onto the left needle. Knit this new stitch through the back loop – 1 st increased.

NOTES:

1. Blanket is made up of 108 joined Squares worked in columns.
2. Square 1 is worked, then additional Squares are added by picking up stitches across edges of previous Squares.
3. Squares are added above Square 1 to make a total of 12 Squares for Column 1. Columns 2-9 are then worked, joining each to the previous Column.
4. Squares are worked diagonally, decreasing along a center line until just one st remains.
5. Refer to the Diagram to get a sense of how the Blanket is put together.
6. Each Square changes color following a Stripe Sequence.
7. Borders are picked up along each side of the Blanket, using a circular needle to accommodate the large number of sts.
