### **MATERIALS NOTE**

Yarns A-D are worked with 3 strands held together, but the design calls for only 2 skeins of each color. Not to worry!

Before beginning your project, simply wind off about one third of each skein of yarn into a new ball. To work with 3 strands at once, use one strand from each of the skeins and one strand from your newly-wound ball.

## GAUGE:

Exact gauge is not essential to this project.

## NOTES:

1. Throw is worked in one piece, using just the knit stitch and 4 strands of yarn held together.
2. When working with multiple strands of yarn, hold all strands together and work just as if using one strand.
3. To help keep yarns from tangling, you may find it helpful to put each skein into a separate zip lock bag. Zip each bag nearly closed, leaving an opening just large enough for the yarn strand to emerge.
4. Throw is worked on a circular needle to accommodate the width of the stitches. Work back and forth in rows on the circular needle, just as if working with straight needles.
5. To change yarn colors, just cut the unneeded colors, leaving long yarn tails, then begin knitting with the new colors, leaving long beginning yarn tails. You'll weave all these tails in after you've finished knitting the Throw.

## THROW
