5. The circular needle is also used to work the rib on the Back, Front and Sleeves – but working in rows, just as if working on straight needles.
6. This pattern includes some knitter's lingo. When you see '– 12 sts' at the end of a sentence, this is the number of sts you will have after working that row. When you see 'as established' in the instructions, this means to continue in the indicated pattern st, lining up sts as in previous rows. When the pattern says to 'work even' this means that you continue in the specified st pattern and keep the number of sts the same – without increasing or decreasing.

We suggest that you pick up any number of sts evenly spaced around the Pullover neck that create a smooth edge. To keep the edges of the neck even, just be sure to that you pick up the same number of sts along the right front neck edge as you picked up for the left front neck edge.

From RS with circular needle, beg at right shoulder seam, pick up and k31 (34, 37) sts evenly spaced across back neck, 60 (64, 68) sts along left front neck
