BLANKET

Set up

Pull out one end of yarn color A and count out 11 loops. You'll be working on just 9 loops, the other 2 loops are the beginning yarn tail and will be secured later. Lay this length of 11 loops onto a flat surface, with the end of the yarn on your left hand side.

Section I

Now you'll be working back and forth in rows across the loops.

Tip

This yarn is designed so that the loops stay in place – you can set the Blanket down at any point and the loops won't come undone!

The yarn that's coming from the yarn ball is called the working yarn, this will be on your right hand side.

Hold the working yarn behind the length of loops.

With your thumb and index finger, reach through the first loop (11th loop from the end) on the beginning of your piece.

Pull the next loop from the working yarn through the first loop.

Row 1: Working from right to left across the length of loops, continue to pull the next loop of working yarn through the next loop on the length of loops until you have 2 loops remaining for the yarn end.

You'll work the next row by working from left to right across the 9 loops.

Row 2: Working from left to right across, pull up a loop of the working yarn in each of the 9 loops, just as you did for Row 1.

Continue to pull up loops, working back and forth in rows, just as on Rows 1 and 2 until you have made a total of 6 rows.

At the end of the 6th row, trim the end of yarn A so that there are only 2-3 loops remaining. Just leave this yarn end hanging – you'll hide it later, when you've finished making the Blanket.

Now you'll be pulling up loops of yarn color B. Start with the 3rd or 4th loop on the strand of B, leaving the first 2 or 3 loops as the yarn tail, and continue working back and forth in rows pulling up a loop in each loop across the row just as you did for Rows 1 and 2, until you have worked a total of 6 rows with yarn B.

At the end of the 6th row, trim the end of yarn B so that there are only 2-3 loops remaining. Leave this yarn end hanging.

You'll have 9 open loops of B remaining.

Tip

For Sections II-XVI, follow along with the diagram to help you make your Blanket!
