#### GAUGE:

One square = about 13 x 13 in. (33 x 33 cm). BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you fewer stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

#### NOTES:

1. Follow loom manual instructions on WEAVING for how to set up the warp, weave the weft, and remove weaving from the loom.
2. Throw is made from 4 woven squares, sewn together.

#### Loom Configuration

**Use the following pieces: (2) 36-hole pieces, (4) 12-hole pieces, (4) 6-hole pieces, (4) corner pieces.**

Connect pieces to form a large square as follows: 36-hole piece > corner piece > 36-hole piece > corner piece > 12-hole piece > 12-hole piece > 6-hole piece > 6-hole piece > corner piece > 12-hole piece > 12-hole piece > 6-hole piece > 6-hole piece > corner piece.

Insert 40 small pegs in every hole along each side of assembled loom (do not place pegs in 2 holes at each corner) - 160 working pegs placed. Place a contrast color peg in upper right hand corner for starting slip knot.

#### SQUARE (make 4)

Use 2 strands of A for the warp and 2 strands of B for the weft. Weave square according to loom manual instructions.

#### FINISHING

Arrange Squares into 2 strips of 2 Squares each. Using yarn needle provided with loom, sew Squares together. Thread yarn ends into same needle and weave ends into the fabric of the Throw.
